Overview
The burden and prevalence of irritable bowel disease (IBD) continues to increase in the United States, according to a 2013 study by Michael D. Kappelman, MD, MPH, of University of North Carolina at Chapel Hill, and colleagues. The results of the study suggest that nearly 1.2 million Americans are living with IBD. The quality of care for patients with IBD is highly variable, which suggests that there is significant room for quality improvement. These efforts include education and dissemination of recommended interventions directed at clinicians to improve the quality of care for adults with IBD.

The 2014 Dr. Stephen Matarazzo IBD Conference will address current research and clinical developments in the diagnosis and treatment of IBD, with an overall goal of increasing the knowledge and competence of physicians and allied medical personnel in providing optimal care for patients with IBD.

Learning Objectives
Upon completion of this activity, participants should be better able to:
• Recognize the differential indicia of mucosal inflammation in IBD patients in remission and implications for treatment.
• Review the most current perspectives and clinical guidelines for the use of biologic agents in IBD.
• Identify various IBD risk factors, including a patient’s level of immune suppression, which influence the timing of surgery.
• Compare the recent assessment of the efficacy of fecal microbiota transplantation (FMT), and new and emerging drug paradigms.
• Recognize the realities of patient adherence to IBD prescription regimes in order to effectively communicate with patients to improve outcomes.

Target Audience
This activity is designed for physicians in the practice of internal medicine, gastroenterology, and surgery as well as allied medical personnel, including nurses, physician assistants, and nurse practitioners involved in the diagnosis, evaluation, management, and treatment of patients with IBD.

Method of Participation
In order to meet the learning objectives and receive continuing education credits, participants are expected to check in at the registration desk, attend the program in person, and complete an online evaluation form at the conclusion of the activity. A letter certifying your attendance and credit verification will be emailed to participants upon completion of the online evaluation survey.

Accreditation
This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of Rutgers, The State University of New Jersey and AGA Foundation, Inc. Rutgers, The State University of New Jersey is accredited by the ACCME to provide continuing medical education for physicians.

Rutgers, The State University of New Jersey designates this live activity for a maximum of 3.75 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Physician assistants, nurse practitioners, and nurses may participate in this educational activity and earn a letter of attendance as AAPA, AANP, and ANCC accept AMA PRA Category 1 Credits™ through their reciprocity agreements.

Education Director
Barry Kaufman, MD, FACC, CNSP
Dr. Kaufman is Director of the Atlantic Gastroenterology Associates Crohn's and Colitis Treatment Center and the Celiac Diagnostic Center, Egg Harbor Township, NJ. He was the principal investigator for over 100 clinical trials.

Presenters
Andrew R. Conn, MD, FACC
Dr. Conn works with diseases of the esophagus, small and large bowel, pancreas, and liver as well as peptic ulcer disease, and irritable bowel syndrome. He developed and was a co-director of the Inflammatory Bowel Disease Center at the Cooper Digestive Health Institute in Mt. Laurel, NJ. Currently, Dr. Conn is at Lourdes University Hospital, Camden, NJ.

Neil Maloney Patel, MD, FAC, FASCRS
Dr. Patel is a colon and rectal surgeon affiliated with Robert Wood Johnson University Hospital – New Brunswick. Her interests include colorectal and laparoscopic surgery and pelvic floor disorders. She was recognized for Meaningful Use Stage 1 Certification by the Centers for Medicare & Medicaid Services.

Robin D. Rothstein, MD, FACG
Dr. Rothstein has worked with Crohn’s disease, ulcerative colitis, celiac sprue, diarehcal illnesses and microscopic colitis. She is Associate Professor of Clinical Medicine at Temple University School of Medicine and Medical Director of the Inflammatory Bowel Disease Program at Temple University Hospital, Philadelphia, PA.

Thomas A. Ullman, MD, AGAF
Dr. Ullman is Associate Professor of Medicine at The Icahn School of Medicine at Mount Sinai, Division of Gastroenterology in New York. He is the author of numerous peer-reviewed publications and serves on the Editorial Board of the Mount Sinai Journal of Medicine and The Journal of Gastroenterology.

Yize Richard Wang, MD, PhD
Dr. Wang has done extensive research in IBD and viral hepatitis, including EGD and colonoscopy outcomes, racial/ethnic differences in IBD, and viral hepatitis treatment outcomes. He is Assistant Professor of Medicine at Cooper Medical School of Rowan University, Camden, NJ.

Conference Adjourns
Dedication to Dr. Stephen Matarazzo ........................ Barry Kaufman, MD, FACC, CNSP

Agenda
12pm Registration, Box Lunch, Exhibits
12:45 Dedication to Dr. Stephen Matarazzo ........................ Barry Kaufman, MD, FACC, CNSP
1:00 Treatment Dilemma: Endoscopic Inflammation is Present but Remission has been Achieved .............................. Thomas A. Ullman, MD, AGAF
1:30 Case Presentation and Discussion: Dysbiosis and Study of FMT, 2014 Update. .............................. Nell Maloney Patel, MD, FAC, FASCRS
2:00 Timing of Surgery: When to Refer/Influence of Immune Suppression on Outcome .............................. Neil Maloney Patel, MD, FAC, FASCRS
3:05 Invited Speaker: Immune Suppression on Outcome .............................. Neil Maloney Patel, MD, FAC, FASCRS
3:35 Break & Exhibits
4:15 Q&A
5:00 Conference Adjourns

Mission Statement: The AGA Foundation exists to promote regional educational activities for health care providers and the public involving digestive diseases and nutrition including inflammatory bowel disease, liver diseases, acid reflux, colon cancer, pancreatic diseases, celiac disease, and irritable bowel syndrome.

General Information
Registration Fees
Physicians - $100            Allied Health Professionals - $50
The fee includes a boxed lunch, refreshment break, confirming education credit, and course material. Registration can only be accepted through our secure online website through November 10, 2014. Payment may be made with MasterCard or Visa cards. American Express is not accepted. Pre-registration is recommended. On-site registration will be accommodated on a space available basis.

To Register
To register visit http://ccoe.rbhs.rutgers.edu/catalog. For additional information on the registration process, please call 973-972-4267 or email at ccoe@ca.rutgers.edu.

Confirmation
Once registered, you will receive a confirmation letter and additional information to assist you with your plans to participate in the activity. This confirmation letter will be sent a week prior to the activity.

Refund/Cancellation Policy
A full refund, less a $20 cancellation fee, will be granted if notice is received up to the date of the program. Refunds cannot be given for “no shows” or cancellations received once the program has started. To cancel go to http://ccoe.rbhs.rutgers.edu/portal. Click “Log in” and enter your user name (email address) and password. Select “Current Schedule” on the top menu, then select “Cancel Registration”.

Disclosures
All individuals who affect the content of continuing education activities are required to disclose to the audience any real or apparent conflict of interest related to the activity. The activity faculty are further required to disclose discussion of off-label/investigational uses in their presentations. These disclosures will be made to the audience at the time of the activity.

Meeting Facilities and Hotel Accommodations
The 2014 Dr. Stephen Matarazzo IBD Conference will be held at: Dockside Seaview Hotel and Golf Resort 401 South New York Rd., Galloway, New Jersey 08205 Complimentary self parking and valet ($6) parking are available. You will receive additional information in your confirmation letter. For more information visit www.stocktonseaview.com or call 866-599-6674.
Education Director

Barry Kaufman, MD, FACG, CNSP

Dr. Kaufman is Director of the Atlantic Gastroenterology Associates Cohin’s and Colitis Treatment Center and the Celiac Diagnostic Center, Egg Harbor Township, NJ. He was the principal investigator for over 100 clinical trials.

Presenters

Andrew R. Conn, MD, FACG

Dr. Conn works with diseases of the esophagus, small and large bowel, pancreas, and liver as well as peptic ulcer disease, and irritable bowel syndrome. He developed and was a co-director of the Inflammatory Bowel Disease Center at the Cooper Digestive Health Institute in Mt. Laurel, NJ. Currently, Dr. Conn is at Lourdes University Hospital, Camden, NJ.

Neil Maloney Patel, MD, FACS, FACSRS

Dr. Patel is a colon and rectal surgeon affiliated with Robert Wood Johnson University Hospital – New Brunswick. Her interests include colorectal and laparoscopic surgery and pelvic floor disorders. She was recognized for Meaningful Use Stage 1 Certification by the Centers for Medicare & Medicaid Services.

Robin D. Rothstein, MD, FACG

Dr. Rothstein has worked with Crohn’s disease, ulcerative colitis, celiac sprue, diarrheal illnesses and microscopic colitis. She is the Associate Professor of Clinical Medicine at Temple University School of Medicine and Medical Director of the Inflammatory Bowel Disease Program at Temple University Hospital, Philadelphia, PA.

Thomas A. Ullman, MD, AGAF

Dr. Ullman is Associate Professor of Medicine at The Icahn School of Medicine at Mount Sinai, New York. He founded the gastroenterology service at Fox Chase Cancer Center, where he practiced for 25 years. His struggle with Crohn’s made him very compassionate toward his patients. He often lectured about the disease and in 1994 was named physician of the year by the Crohn’s and Colitis Foundation Philadelphia and Delaware Valley Chapter. Dr. Matarazzo passed away in 2011.

Yize Richard Wang, MD, PhD

Dr. Wang has done extensive research in IBD and viral hepatitis, including EGD and colonoscopy outcomes, racial/ethnic differences in IBD, and viral hepatitis treatment outcomes. He is Assistant Professor of Medicine at Cooper Medical School of Rowan University, Camden, NJ.
